

**FOR IMMEDIATE RELEASE**

## **Tampa Bay Powder Coating Acquires All American Coating**

Acquisition combines two established Tampa-area powder coating operations under single ownership, with expanded service capacity for existing and new customers

**Tampa, FL—May 18, 2026**—Tampa Bay Powder Coating, a provider of architectural, commercial and industrial powder coating services, today announced its acquisition of All American Coating, a longtime Tampa-area coating business. The acquisition consolidates two of the region's established powder coating operations and expands Tampa Bay Powder Coating's capacity to provide its high quality standards to clients across the greater Tampa Bay area.

Under the terms of the acquisition, All American Coating's operations have transitioned to Tampa Bay Powder Coating's facility at 9601 Norwood Dr, Suite B, Tampa, FL. 33624. Several All American management and staff members have also joined the Tampa Bay Powder Coating Team.

"All American Coating earned a great reputation in this market, and that's not something we take lightly," said Jen Nelson, owner of Tampa Bay Powder Coating. "Our priority right now is making sure their customers have a seamless transition and know exactly where to find us. They'll be getting the same quality of work they've always counted on, plus the expanded capacity and turnaround times our facility makes possible."

Former All American Coating customers can reach Tampa Bay Powder Coating at 813-964-5667 or visit [tampabaypowdercoating.com](http://tampabaypowdercoating.com) for quotes and project inquiries. The former All American phone number forwards directly to Tampa Bay Powder Coating.

### **About Tampa Bay Powder Coating**

Founded in 2017, Tampa Bay Powder Coating provides professional powder coating and finishing services to architectural, commercial, industrial, and custom fabrication clients throughout the Tampa Bay area. The company is known for its dedication to service, providing gold-standard quality, delivered on-time, with a scope of services tailored to the customer's application and budgetary needs.
